

SPECIAL FREE EVENT FOR TURRAMURRA NORTH PS PARENTS

Preparing **Humans** 4 THE 2ND MACHINE AGE

Robotics, Automation and Artificial Intelligence are bringing forward a world of possibilities, that until recently were in the realms of science fiction.

How quickly are these changes advancing? What impact will there be on society and the future of work? What does it mean for education & schools?

CSIRO research reveals that 47% of Australian jobs will be significantly disrupted/automated in the next 15 years.

Join us for a peek into tomorrow and a discussion on how we can prepare our children for what will be a very world.

Two BIG speakers for a VERY BIG issue ...

ALAN NOVEMBER
