

KINDERGARTEN

korner

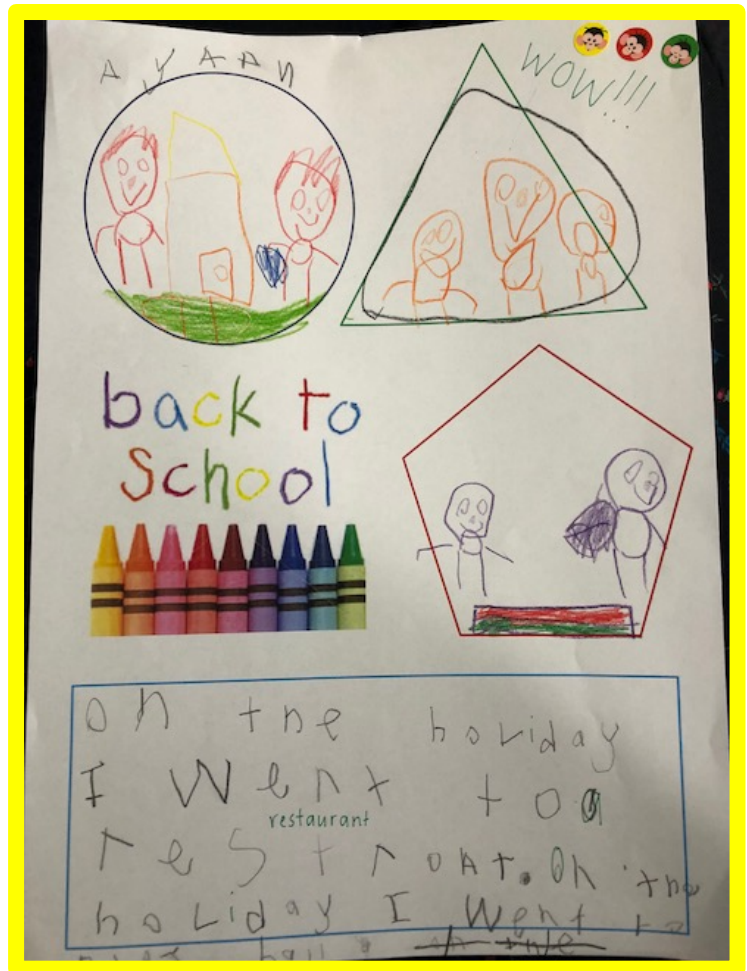

I can't believe we are already in Term 3 of Kindergarten! For the next few weeks we are so lucky to have not only Miss Sheehy and Mrs Meyers but also Miss Glavinic (Miss G), Miss Yeung and Miss Bortz. These teachers are studying to become Primary Teachers at University and will be teaching us lots of new things!

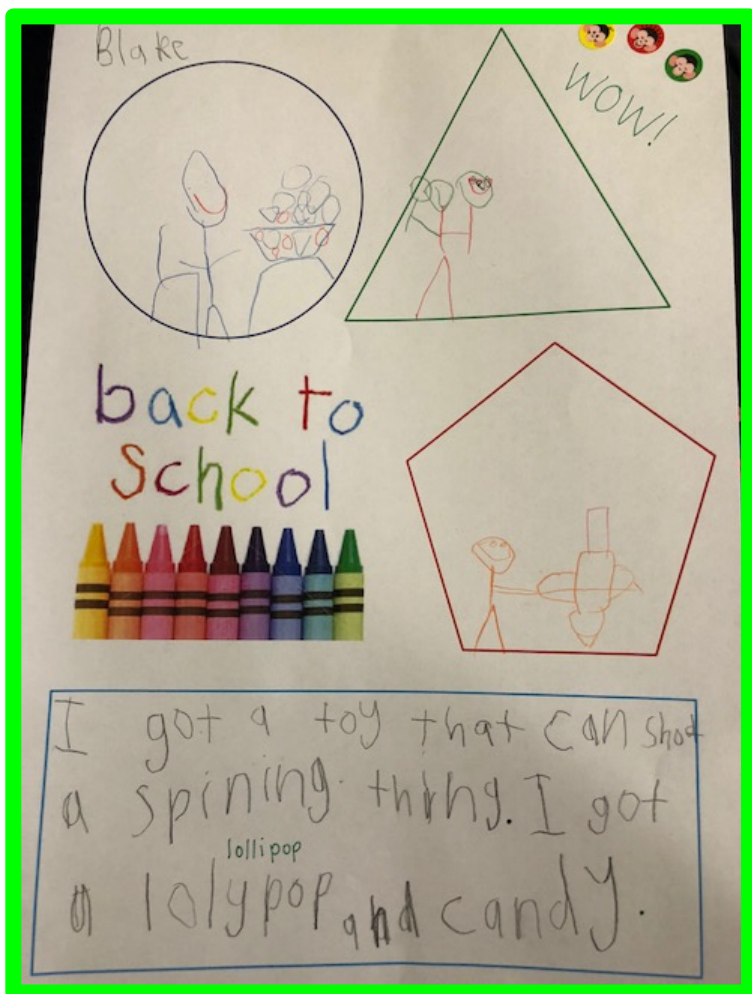

In Maths this term we are beginning to learn about multiplication. We have started by learning about doubles and skip counting by 2s and 10s! Here we are playing 'Doubles Bingo' with a partner.

We had so much during
our school holidays! We
wrote all about them when
we came back to school.

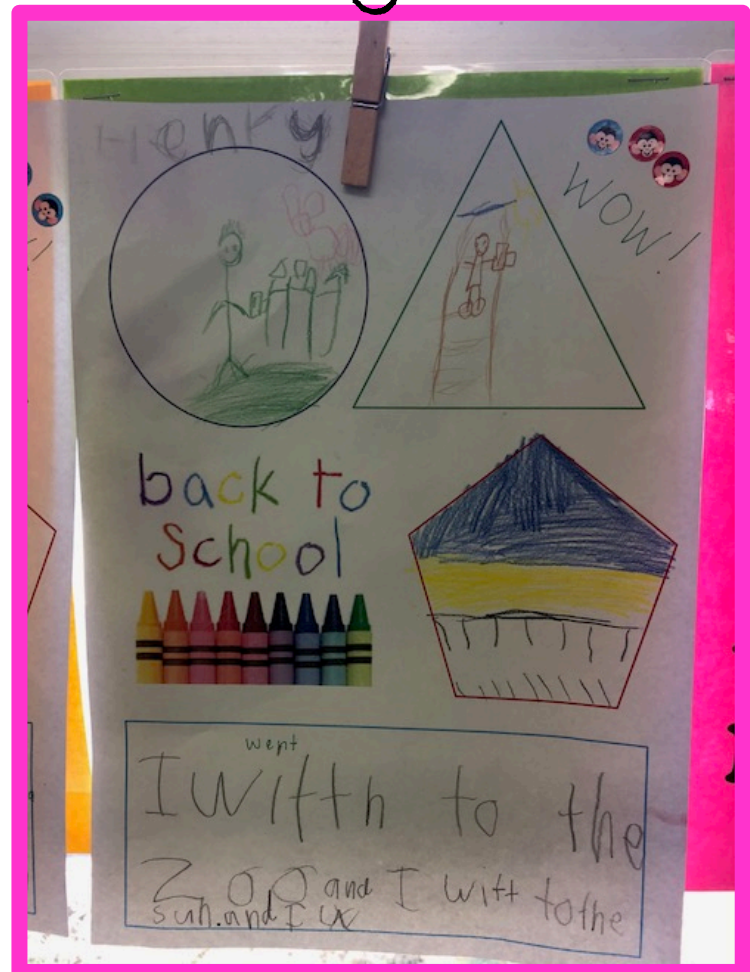

Our teachers were so
impressed at how much our
writing has improved!

Athletics Carnival

At the end of last term we had our Athletics Carnival. We travelled to the oval by bus. When we got there we put our bags down and played some fun games. We played with the parachute, tug of war, obstacle courses and had potato sack races. We also all got to run in the 100 metre race. It was such a fun day!
