

SPRING 2020

SCHOOL HOLIDAY  
ACTIVITIES

ALL PROGRAMS HELD ONLINE

SCRATCH JR  
PRESENTATION FOR  
KIDS

Scratch Jr is an introductory programming application that enables young children to create their own interactive stories and games. Children snap together graphical programming blocks to make characters move, jump, dance, and sing. This presentation will provide parents with the knowledge and skills to support their child's learning in a fun safe environment.

ZOOM ONLINE  
Wed 30 Sept 10.30am & Wed 7 Oct 10.30am  
AGE 6+ years with no prior experience using the Dash and Dot program.

3D PRINTING DESIGN  
PRESENTATION

The aim of the presentation is to introduce parents, carers and children to 3D printing design using TinkerCad. Once you master the basics of TinkerCad you can design, create and print – It's really easy, you can make anything!

ZOOM ONLINE  
Wed 30 Sep 2.00pm & Wed 7 Oct 2.00pm  
AGE 10+ years. Spaces are limited, book early to avoid disappointment.  
Project instructions will be emailed to all participants following the presentation -  
Participant will receive a voucher that will allow for one free 3D print (Terms & conditions apply)

MAD 4 SCIENCE - IN  
THE KITCHEN

Fun science experiments that children can do at home using materials and ingredients that can be found in most family kitchens.

LET'S MAKE  
FRIENDSHIP  
BRACELETS

Learn how to make your best friend, classmate, a stylishly weaved friendship bracelet. This activity is suitable for older children, younger children may need a little help to get them started.

FACEBOOK LIVE Tues 6 Oct 10.30am  
AGE 8-12 years  
Collect your activity pack from any of the Ku-ring-gai libraries - Everything you need for the activity is included in the pack.  
\*Limited numbers of packs available, first in best dressed. Materials required for this craft will be posted once streaming has occurred.

LITTLE BANG  
DISCOVERY CLUB -  
SCIENCE FOR YOUNG  
DISCOVERERS

Young children are already great scientists without even knowing it. This fun-filled 2-week informative program combines stories and demonstrations of everyday objects and experiences with genuine scientific enquiry methods that children and their accompanying parent helper can thoroughly enjoy at home. Children will be encouraged to create a Little Bang Discovery Box from everyday items that you can find around most homes.

ZOOM ONLINE  
Week 1- Thursday 1 October, 2.00pm  
Week 2- Thursday 8 October, 2.00pm  
AGE 3-5 years  
What is the parent/ carer's involvement?  
Activities require adults and children interacting in the discovery process.  
A list of items for your discovery box will be supplied and fun fact sheets for the consolidation of the learning process upon booking.
